PCVA Second Annual Meeting and Conference

Benefiting Members

Benefiting Members is our theme this year! As we continue to build our association, our focus is to provide tools that will collectively assist operators in running successful operations. We will be sharing information on our training and advocacy committees, and on how we are developing new communications processes to keep us connected year-round.

We're looking forward to a full agenda at our conference. Under the theme *Benefiting Members*, we focus on the industry and advocacy, incidents and accidents and PCVA member value and benefits. We will also be presenting some new member programmes designed to provide services and savings to your operation.
